Rules and Regulations of the Annual Provincial Bull Sale

MANAGEMENT OF SALE

1. The Annual Provincial Bull Sale held in Kamloops, B.C. shall be managed and sponsored by the Kamloops Exhibition Association, under the advice and direction of the Provincial Bull Sale Committee.

BY-BIDDING

2. *There shall be no by-bidding by the owner of an animal or by anyone authorized by him. Statutory declaration may be required from any buyer or seller to the effect that any purchase or sale is bona fide and that there has been no by-bidding in connection therewith. Any owner guilty of by-bidding or authorizing anyone to do so for him, or conspiring with another person for the commission of any corrupt or fraudulent practice in relation to the sale of his animals will be excluded from participating in future sales for a term to be decided by the committee.*

3. Entries may be withdrawn up to the date of the closing of entries by notifying the Secretary. The privilege of withdrawing an animal from the sale after the closing of entries shall rest solely with the Committee and shall be exercised if necessary in the sale ring, and the Committee shall have power to cancel the sale of any animal, provided such a course, in its opinion, is fair and just to both buyer and seller. The entry fees for animals which are afterwards withdrawn or cancelled shall be forfeited to the Committee.

4. No reserve bids shall be placed on any cattle entered in the Provincial Bull Sale and Market Cattle Show, but each contributor to the Bull Sale may make one bid if he so desires except herd bulls which are over three years of age where the owner has no reserve bid. Should this bid not be topped and the animal knocked down at the contributor's bid, he must pay the normal commission on his bid.

5. When animals which have been passed out of the ring unsold are sold on the premises by private treaty the transaction shall be handled through the books of the sale and the commission paid. Certificate of Registration are to be retained by the Management until settlement has been made, the animal returned to the contributor's premises.

NOTE: Ring duties to be carried out only by those officially authorized.

SETTLEMENT OF PURCHASES

(Note: In the following clauses "purchaser" or "buyer" means the person who bids for the animal at auction, unless he (or she) while acting as an agent, so signifies when signing the auction-form.)

6. All purchases must be settled for within one hour of completion of Sale. If any purchaser fails to settle for his purchase as stated, the Committee reserves full power to resell the animal to the best advantage, either publicly or privately, without further intimation, and any loss arising from such resale, together with keep and other expenses will be collected from the defaulter. In the event of a seller desiring to purchase other stock, he may obtain credit up to within \$25.00 per head of the amount of his sales by applying at the office of the Secretary. It will be necessary to present the purchase slip in the usual way and sign a credit receipt.

7. All sales are to be in Canadian dollars payable at par in Kamloops. U.S. funds will be accepted at the current rate of exchange.

8. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the purchaser, and it is declared that until a settlement shall be made in the terms of these conditions, the delivery of the animal shall be suspended.

9. The Secretary shall have power to give receipt in full for all payments for stock and will remit the amount realized, less the proper charges, for each animal to the seller thereof within three weeks after the date of the sale.

10. All animals which have been paid for and are not to be shipped by rail will be delivered to the various buyers on the grounds, who will take charge of them immediately after the close of the sale.

CATALOGUE AND ORDER OF SALE

11. Aberdeen Angus, Charolais, Shorthorn will be sold on the Monday of the show week; in 1974 the Aberdeen Angus will begin the sale and each breed shall begin the sale in alternate years. Herefords will be sold on the Tuesday of the show week. Other breeds, of which there may be a few entries, will be sold as arranged by the committee. The order of sale within each breed shall be the alphabetical order of the contributors name, beginning in 1974 with H. In 1975 and subsequent years the contributors who formed the first quarter of the sale order in the previous year's sale shall become the last quarter of sale order, except that contributors who had no bulls in the previous year's Provincial Bull Sale will take their places in the sale order after all contributors to the previous year's sale. Each contributor will sell half his bulls in the first round in the order of sale and the remainder in the second round; if he has no more than two bulls, both may be sold in the first round; if a contributor has an uneven number of bulls he shall offer the greater number in the first round and shall have the option to sell on the first or second round on an individual or group basis with the buyer having his choice. The contributor of the champion bull in each breed shall choose his place to sell the champion and shall sell the first half of his bulls at that time and he shall be followed by the owner of the reserve champion with the first half of his bulls. Both shall revert to their regular position in the sale order for the second round.

SIFTING OF BULLS

12. The Breed Associations shall nominate one selector. These selectors are to work independently. They shall be supplied with a selecting sheet, showing only the animals lot number and date of birth. Reasons for rejections shall be stated on this list. These independent lists shall be signed and turned over to Bull Sale Committee office immediately following selection. The selection calculations shall be based on the following: Three "S" or two "S" and one "H" against a lot number the bull goes to slaughter. Three "H" or two "H" and one "S" against a lot number the bull goes home.

Terms of reference regarding the disposal of culled bulls will be supplied to the selectors by the Provincial Bull Sale Committee instructed accordingly. Where in the opinion of the selection committee, the defect is not considered sufficiently serious to warrant an animal being culled for immediate slaughter, the committee reserves the right to announce the defect in the sale ring before the animal is offered for sale and to allow the animal to be sold either in the regular order or after all animals catalogued have been offered or to cull the bull out and not permit it to be sold at the sale. Registration Papers of animals culled for slaughter at the sale will be returned to the Canadian National Live Stock Records, Ottawa, Canada.

Sifting will be severe. Select your bulls at home.

13. Every bull not selected for sale will be charged a fee of \$10.00. This penalty will be retained by the Provincial Bull Sale Committee.

CONDITIONS OF SALE

14. Contributors will be held responsible for any erroneous information respecting animals entered that may appear in the printed catalogue of the Provincial Bull Sale, unless written notice of such error is filed with the Secretary within one week prior to the commencement of such sale, and the auctioneer notified as the animal comes into the sale ring, so that error may be announced to the public before the animal is sold.

15. The purchaser of an animal at a Provincial Bull Sale will be given ten days after the last day of the sale within which to file with the Secretary claim on account of any erroneous information respecting such animal that may appear in the catalogue.

16. The committee, acting only as a medium between buyer and seller, will not be responsible for any loss of stock following the sale occurring from any cause whatsoever.

17. Should any bull fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the consignor within four (4) months after date of purchase. The consignor shall then have the privilege of six (6) months on his premises to prove the bull a breeder before refunding the full purchase price or making other settlement satisfactory to the buyer. The consignor is not responsible for damage by foreign bodies after the animal is sold or for sickness not apparent at Sale time.

18. All single animals must be halter broken and supplied with a good halter, and no animal may be led in the barns or exhibited in the ring by any person who is less than 10 years old in the case of steers, and 14 years old in the case of bulls, on March 1st immediately preceding the sale. All bulls must have a nose ring and be ring broken, and all hornless bulls must be tied with a neck strap as well as a halter. The owner will be held responsible for any damages or injury, on

the premises and when loading out, caused by a bull getting out of control or not being properly broken to handle on a nose ring. Nose rings must not be removed until the bull is loaded on purchaser's transportation. *The Committee reserves the right to forbid the exhibition, or sale, on halter of any uncontrollable animals. These will be sold separately.*

CONDITIONS OF ENTRY

19. All bulls entered must be recorded in the name of the contributor in the Canadian National Records, Ottawa. Registration certificates and an application for transfer on the proper form, duly signed with the name of the transferee left blank, must accompany the application for entry.

20. The Canadian National Records Committee requires the seller to record the transfer to the buyer and pay for same. This service will be attended to on behalf of the seller by the Committee without any extra cost but the fees for recording will be charged to the seller.

21. *Any bull whose tattoo is illegible or does not correspond with entry form or certificate of registration will not be accepted for sale and must be removed from the premises of the Provincial Bull Sale immediately upon discovery of the erroneous tattoo.*

CONTRIBUTORS MUST OWN ENTRIES

22. No bulls shall be accepted for entry unless the breeder and contributor are members of the appropriate breed association.

23. All entries are to be confined to those owned for a period of at least six (6) months prior to the sale by the contributor who must reside and operate in British Columbia.

24. Bulls previously sifted at any Provincial Bull Sale will not be accepted.

25. *All entries are subject to the approval of the Committee.*

26. Contributors desiring to enter bulls in the Show Classes must nominate their animals in the office by 5 p.m. on Saturday of the show week. The classes will be divided into age groups according to the number of nominations received.

AGE OF BULLS

27. Only bulls less than three years old on January 1st immediately preceding the sale shall be eligible, except herd bulls in registered herds which have not been used in unregistered herds. (See rule 4). No bulls less than 18 months old at the time of sale shall be entered.

28. Bulls over three years of age on January 1st immediately preceding the sale shall not be eligible to compete in the Championship Class.

29. Animals not properly entered will not be allowed on the grounds.

ENTRY AND FEES

30. An entry fee of \$15.00 per bull must accompany all entries. A prize of \$10.00 per bull will be made on the prize money settlement for each entry he brings to the sale. Four percent on the amount of each sale will be retained by the K.X.A. to assist them in meeting general expenses.

31. Entries received after date of closing will be referred to the Bull Sale Committee for decision, subject to a \$10.00 charge, if accepted.

32. The entry fees for animals which are afterwards withdrawn or cancelled, shall be forfeited to the K.X.A.

33. Contributors withdrawing bulls after the closing of entries without approval of the Committee may be barred from future Sales.

34. Consignors have the option to post current weights above cattle at time of Sale. The weighing will be done at the K.X.A. grounds by an official of the Sale Committee and these figures only will be posted.

35. The only other permissible weights to be posted are official Record of Performance weights.

HEALTH REQUIREMENTS

36. Animals must be free from contagious or infectious diseases.

37. Any person offering an animal for sale at the Provincial Bull Sale auction certifies said animal to be in sound health and free from physical defects.

38. All necessary examinations and required tests will be conducted by a qualified veterinarian.

TUBERCULOSIS — Tests for tuberculosis are not required to cover bulls originating from: (a) Accredited herds in good standing; (b) Herds in good standing in accredited areas.

ALL OTHER BULLS require a negative test within thirty (30) days of the sale.

BRUCELLOSIS — All bulls will require a negative test within thirty (30) days of the sale except:

(a) Animals originating from a Brucellosis Free Listed Herd.

(b) Animals originating from herds in good standing in Brucellosis Certified or Free Areas.

(c) Bulls originating in herds in Brucellosis Control Areas not yet certified to Brucellosis, *provided* the herd has been negative within twelve (12) months prior to the sale.

39. All bulls shall be subjected to and pass as sound, a veterinarian inspection at the K.X.A. Grounds prior to the sale.

SHIPPING

40. Sellers will be required to supply all necessary hay and grain for animals until and including the last day of sale. Any contributor found guilty of neglecting to attend to an animal entered by him as herein provided may be excluded from participating in future sales held by this Committee. Baled hay and straw will be sold on the grounds. Stabling and water supplied free. Sellers or their agents will be required to take charge of their animals immediately upon arrival at point of sale, have the animals brought to the grounds, remain in attendance upon them until and including the last day of the sale, and, subject to the directions of the Secretary, be responsible for their delivery into the hands of the proper purchaser at point of sale.

41. Purchasers intending to ship stock on the evening of the bull sale are requested to notify the secretary-manager of such before 5 p.m. the day of the sale. The Committee will take charge of all animals to be shipped by rail on the morning after the sale, and will feed, water and load the animals on the cars. This will relieve the purchaser of the necessity of staying over to see the animals owned by him loaded, but the seller must feed and water his entries the evening of the last day of the sale, the Committee taking charge next morning. But it is distinctly understood that the risk will remain with the purchaser.

42. Every care will be exercised by the management to prevent injury to or loss of property, and to insure the prompt collection and delivery of animals, but the Committee, acting only as a medium between buyer and seller, will not be responsible for any accident, loss or damage whatsoever that may occur, nor for any stock mis-sent, whether through negligence on the part of its officers or servants or not.

43. Upon the discovery of fraud, deception or dishonest practice which may have affected or have tended to affect the decision of the Judges, the Committee has power to withhold the awards and may prohibit the offending party or parties from exhibiting in any class for one or more years, and may also publish the name of such if deemed expedient. Fraud, deception or dishonest practice shall include faking an exhibit, altering the natural structure or natural conformation of same by any means whatsoever. Protests must be submitted in writing to the Committee prior to or during the sale.

LIABILITY

44. Every contributor shall be deemed to be in full charge of and responsible for, and the Kamloops Exhibition Association, shall not be liable for any loss to any animals or for the injury or damage thereto, from the time that such animal is delivered on the premises of the Kamloops Exhibition Association, and every animal on the premises of the Kamloops Exhibition Association shall be deemed to have been placed thereon at the risk of the contributor, and the same shall remain at the risk of the contributor until the animal is sold, when the same shall remain on such premises at the risk of the purchaser, and in either case the Kamloops Exhibition Association shall not be liable for the loss of any such animal or for injury or damage thereto, notwithstanding such loss, injury or damage arising through or by the negligence of the Kamloops Exhibition Association, of any of its officers, servants or agents. Insurance against loss by fire should be taken out by owner if thought advisable.

45. Exhibitors of animals, machinery in motion, or exhibits of a combustible or explosive character and other exhibits liable to occasion accidents, injury or damage to persons coming in contact with them, shall guard their exhibits and protect the public from coming in contact therewith and every such exhibitor shall indemnify the Kamloops Exhibition Association from and against all claims and demands, costs, charges and expenses which it may incur, suffer, or be put to by reason of any accident, or of any person being injured or suffering damage through or by reason of any such exhibit being not properly guarded or the public not being protected therefrom.

46. If any damage, loss or injury to person or property shall be caused by reason of any neglect, or willful act of any person, firm or corporation, or their agents, representatives, servants or employees having license or privilege to exhibit on said Kamloops Exhibition Grounds or occupying any space thereon, the Kamloops Exhibition Association, shall in no manner be responsible therefor, and in case it be subjected to any expense or liability, all persons causing same, or liable therefor, shall indemnify the said Kamloops Exhibition Association.

47. Every care will be exercised by the management to prevent injury to or loss of property and to ensure the prompt collection and delivery of animals at the proper destination, but the Kamloops Exhibition Association, acting only as a medium between buyer and seller, will not be responsible for any loss or damage that may occur, or any stock missent, whether or not through negligence on the part of its officers or servants.

48. The Committee reserves the right to decide any point not covered by the rules which the Committee considers necessary in the proper regulation and management of the sale. The decision of the Committee shall be final in all cases.

49. Every person who contributes an animal to the sale, and everyone who bids at the sale, by so doing agrees to the foregoing terms and conditions as printed on the form of application and the sale catalogue.

VETERINARY RECOMMENDATIONS

- A. Corns: Animals will not be culled with small corns unless they are sore. Too many animals come in with corns.
- B. Some Bulls are being presented with underdeveloped testicles. Recommended minimum measurements are 6 centimeters wide, 10 centimeters long (2¾ inches by 4½ inches). This is a hereditary characteristic and the breed associations should be more concerned.
- C. Trim feet — Please trim feet correctly before coming to sale.

WEIGHING

For those contributors wishing to weigh their bulls — a scale will be in operation at designated times prior to the show and sale.

RAMBLING ACRES HEREFORDS

R. B. FULTON — CRESTON, B.C. V0B 1G0

ENTRIES — 1974 BULL SALE KAMLOOPS POLLED — HORNED

While we breed only Polled Herefords at Rambling Acres, we have three horned bulls in the Sale this year bred by Holly Wood Hereford Ranch of Qu'Appelle, Sask., breeders of top quality polled and horned Herefords. The three bulls entered have lots of size and stretch for age and are all by an outstanding sire, A.A. Britisher Standard Lad 8A.

LOT No. 255 is a bull of straight polled breeding from an excellent milking dam, by "Lamplighter Anxiety Lad 34Z". A bull with excellent R.O.P. on home test. His sire did well also in U. of Sask. test station.

LOT No. 256 a July 28th calf which we bought as a weanling at 4 months has come along very well and shows a lot of promise. His sire at 6 years weighs 2,400 and is Spidel through five generations. His dam is of the popular Britisher Domino and Real Prince breeding. We have several paternal sisters in our herd.

We welcome visitors, and are anxiously awaiting our '74 calf crop by "Justamere 111B 902D" who shows the potential of his sire "Big John" whose offspring are writing history in the show ring and sales in recent times.
